6. Camden Bag

Beautiful zig zag stitched bag. No shaping is required for this project as it is made from a rectangle of sewn 2 1/2 inch wide strips for the sides of the bag and an oval for the bottom. This bag is stunning in batiks or cottons, take your pick. Use cotton batting for the inside of the strips or Duet Fuse II on a roll, which is what we used in the store sample. The Duet Fuse is slightly thicker than batting so it provides a superior look and feel to the bag. The choice is yours.
